Many of the Seniors who would otherwise get promotions in the ordinary course are kept back and continue for further service. Either of two courses
seems to be open
1 Retire them altogether
or
2 Supersede them
and allow their
younger and more

competent Juniors to be promoted over them
as ado. If the 1st alternative be adopted
the further question will arise as to what
pension should be made for them. They
would get pension under the recent orders of
Government And their Hakdars can only be
retained at the lower ranks of the ladder

4. The Second course seems to be
less open to objection and to involve less
friction. It is certain not a very satisfactory
solution as we shall still have some discontent
and the Cheraise burdened with effete and
useless servants but they have ever been a necessary
& nearly unavoidable evil in the Palaces.

5. It is not further improbable that
the disappointed seniors will complain of the
proposed treatment and submit petitions to

I beg leave to request that Col. Campbell the private Secretary to H. H. the Maharani-Regent will favour me with his opinion and advice ~~me~~ in the matter

Memorandum —

In former days members of the Palace Burn and of other departments here were allowed to remain in service until in many cases they died of old age while still in harness.

In such cases there was no question of pensions.

Some were compelled to retire after prolonged and incurable sickness by reason of ~~recip~~ decrepitude of old age —

In such cases the duke and were easily found who were not unwilling to support the old men during the short period they might have to live

Now. The men of the Palace Burn and of other departments are expected to look smart and be efficient, and when senile sickness or other causes hinder this they are medically examined and pronounced unfit.

But in such cases and nowadays the dukes are not so easily found. First, because they are not willing to support the retired men for an indefinite number of years. And Second, because the service is not so attractive as it used to be —

ways of gaining a living are open to them in all directions.

Circumstances alter cases, and it would seem as if the time had come to consider whether the regulations on the subject (if any exist in writing) should be adapted to such present circumstances.

The Mukdami System need not be entirely abolished.

When I casually mentioned to Her Highness [illegible] the subject of making provision for retired men and officers of the Bar pronounced unfit for further service has led to the brought to her notice again, she at once inquired whether this had Mukdams or not — I replied that this matter was still under ~~discussion~~ investigation.

What I therefore venture to suggest is that in the present instance in which 21 Officers and Sepoys are concerned, each man's case should be enquired into with the utmost care — to ascertain — 1st whether he has a Mukdar; and 2nd whether such Mukdar is a fit man to be entrusted and able willing to support the retiring Soldier.

The present Scheme to afford an

Excellent opportunity of bringing the Sirkdar System to the test under modern conditions. If in any one of these 21 cases it fails, Her Highness will have to consider whether the broken down Soldier is to be left to beg his bread in the Streets, or whether a suitable maintenance in the shape of a pension or gratuity is to be given him. There can be no doubt what the decision of the Maharani-Regent will be, and she will then take the Constitutional step of placing the matter before her Government, so that suitable rules and regulations on the Subject may be formulated.

The above is the opinion for which the Palace Controller has been held enough to ask me.

Memorandum -

In reverting to the Correspondence
ending with Col. Campbell's Memo
dated 29th April last, I beg to attach a
Statement exhibiting the results of the
inquiries held in each of the cases of
the proposed retirement.

2. 21 Men were declared
by the Assistant Surgeon unfit for further
Service. Of them one is dead and
his Son has been appointed a Second
Class Sepoy in his right.

3. Of the remainder one is a
Jemadar and the other a Jemadar. ~~He~~
In giving those two men what I
intend give a pension for their Hakdars
should get their position and pay
and it will be rather hard on them
to be sent adrift at this time of their
life. The rate of pension I have proposed
is the same as was granted & refused
Sepoys on the last occasion

4 I have noted in the Statement
how I propose to dispose of the other cases

as the Government have strictly prohibited
recruiting the Bara except in special
cases and as the promotion now proposed
to the Subadars of the rank and file is
not much below that with which the
retired men themselves began service,
I think my proposals are fair. I
have reasons to suspect that some of
the men have not produced a full
list of their holdings.

5. The men themselves clamour
for both promotion and Subadarizations.
Not one of them wishes to go
& all of them have sent up petitions
to H H. the Maharaneé Regent & the
Durbar and the reasons of their retire-
ment which they are good enough
to characterize as illegal and unusual.
They question also the soundness of the
Doctor's opinion but I am convinced
that it is best for the interests of the Service
service that they should make room
for younger and more active men.

6. Often A few men plead of-
ten men as that have risen in the force
older and better men than themselves.
This is a fact. But such men can ofte-
n be and gradually retire on
special considerations but also on more

of expediency. Steps will be taken this year to regenerate the tanks as far as possible.

7. It has been ascertained through the Commandant of the Govt. Base, Nos stationed at Mysore that the practice of giving pensions to superannuated men and also to enlist their Wakdars etc. in that force (Vide Exhibit A in the accompanying file)

8. I beg to place herewith the Memorial these papers to the Private Secretary to H.H. the Maharani Regent in order that H.H.'s sanction may be obtained to the proposals contained in the attached Statement.

GOVERNMENT OF MYSORE

MEMORANDUM.

MILITARY DEPARTMENT.

TO THE DEWAN OF MYSORE

FOR ORDERS.

DATED 27th January 1902.

Subject

Pensions for the Palace Troops.

I submit for favor of sanction a set of pensions for the various ranks of these Troops.

For purpose of comparison I have entered in the list the pay and pension of approximately similar ranks in the Regular Cavalry and Infantry.

I propose that the pension now laid down be embodied in the Mysore Service Regulations.

As it seemed desirable that all retirements be treated under these rules, I have in anti-cipation of your approval delayed the issue of orders on certain retirements from the Palace Troops

R J Jones Lt.Col.

Military Assistant.

I approve of them. Kindly issue orders soon especially about retirements as the Commander is repeatedly writing to me about it on the subject
